For Immediate Release

FOREO's Dual T-Sonic™ Silicone Skincare Devices, Uniquely Developed for the Beauty-Professional Market

Stockholm: After making a global splash with its LUNA™ line of silicone skincare devices, Swedish company [FOREO](http://foreo.com) enters the salon and spa market with the **LUNA™ Professional Set** and **LUNA™ Pro**, designed exclusively for use and sale by skincare professionals.

The LUNA™ Professional Set differs from FOREO's other offerings through its inclusion of Dual T-Sonic™ technology. This set also comes with two devices, each with a unique four-zone cleansing brush. Placed in the hands of professionals, both devices can be used simultaneously on the face, while the stronger, deeper Dual T-Sonic™ pulsations maximise the cleansing benefits of FOREO's sonic-cleansing devices. The LUNA™ Pro, meanwhile, offers a professional-level cleansing and anti-aging device for use in the comfort of the home, bringing that exquisite post-appointment feeling for customers in between treatments. Both are available for sale exclusively in selected professional channels.

The LUNA™ Professional Set is designed to support beauty specialists by enhancing the results of their treatments, improving their clients' experience and ultimately leaving them immensely satisfied.

The LUNA™ Professional Set:

- Comes with two devices for simultaneous use in both hands so beauty specialists can seamlessly incorporate them into their existing beauty treatments, improving results.
- Dual T-Sonic™ technology, directed through a unique silicone brush, generates up to 8,000 pulsations per minute across the skin's surface, cleansing deeply yet far more gently than the abrasive rotary scouring of conventional sonic-cleansing devices.
- Four-zone silicone cleansing brush with more than 800 soft, ultra-hygienic silicone touch-points, uniquely arranged to be suitable for all skin types.
- Cleansing Mode helps remove dead skin cells, and unclog pores of dirt, oil and makeup residue.
- Anti-Aging Mode helps to diminish the appearance of fine lines and wrinkles.
- 100% waterproof with more than 450 uses from a single full charge, plus 2-Year Limited Warranty.

The LUNA™ Pro:

- At-home Dual T-Sonic™ facial-cleansing and anti-aging device, available only in salons after skincare treatment and consultation with a beauty specialist.
- Helps to maintain the skin in between professional beauty treatments.

The addition of the LUNA™ Professional Set and the LUNA™ Pro now extends FOREO's mission to meet growing demand from consumers for the highest level of skincare solutions.

ABOUT FOREO

Sweden-based FOREO aims to empower you to create the world in your own image. The belief that you are unique is behind everything we do, and that's what keeps us working hard to create pioneering products that have a positive impact on your well-being. Our approach is a bold one: we don't just improve existing designs; we tear them down completely and restart from the ground up. This creative destruction is at the heart of what we do and is reflected in our unique product designs. Discover more at www.foreo.com
