

FOREO

LUNA™ fofo

**SMART FACIAL
CLEANSING &
MASSAGING BRUSH**

FULL USER MANUAL

GETTING STARTED

Congratulations on taking the first step toward discovering smarter skincare by acquiring the LUNA fofo. Before you begin to enjoy all the benefits of sophisticated skincare technology in the comfort of your home, please take a few moments to carefully read the instructions in this manual.

Please READ ALL INSTRUCTIONS BEFORE USE and utilize this product only for its intended use as described in this manual.

⚠ **WARNING:** No modification of this equipment is allowed.

LUNA fofo OVERVIEW

LUNA fofo knows exactly what your skin needs at all times, so you can get the most out of every cleanse. Using advanced skin sensors and Bluetooth technology, LUNA fofo analyzes the skin condition and moisture level in each zone of the face to create a personalized skin profile that is sent straight to the FOREO app. Take the skin quiz to determine your skin type and true skin age, and then enjoy a customized cleansing & massaging routine that automatically syncs with the device.

GETTING TO KNOW YOUR LUNA fofo

THICKER TOUCH POINTS

Provide a deep precision cleaning of areas such as T-zone

THINNER TOUCH POINTS

Gently cleanses and massages sensitive or normal skin and larger areas like cheeks

EXTRA SOFT & HYGIENIC SILICONE

35x more hygienic than nylon bristles and suitable for all skin types

24K GOLD PLATED SKIN SENSORS

Measure 1,000 units per second to assess hydration levels in each face zone

FOFO HANDS

Playfully embossed to make sure you're always camera ready

INDICATOR LIGHT

Flashes to indicate when device is on and Bluetooth has been activated

2 REPLACEABLE AAA BATTERIES

Lasts for up to 400 uses

HOW TO USE YOUR LUNA fofo:

PHASE 1: ANALYSIS

A 360-degree skin analysis reveals new insights into your complexion, which help optimize your daily skincare regimen.

- 1 Open the FOREO app on your mobile device and turn on your Bluetooth.
- 2 Turn on LUNA fofo by holding the center button until the light starts blinking, indicating the Bluetooth is connected and your device is ready to begin the skin analysis.
- 3 Press and hold the skin sensors to the face areas according to the instructions in the app.
- 4 The FOREO app will analyze your skin's moisture index and skin age and then sync a customized cleansing routine to your device.

PHASE 2: CLEANSER

Based on your personal skin profile, LUNA fofo will provide a customized cleansing & massaging routine that syncs automatically through the FOREO app.

- 1 Remove all makeup, dampen skin and then apply your FOREO cleanser.
- 2 Follow instructions in the app to activate your customized cleansing routine.
- 3 Cleanse using circular movements on cheeks and forehead, gliding up and down the nose. Based on your customized routine, LUNA fofo will pause to tell you when to move to the next area of your face.
- 4 Press and hold button for 3 seconds to turn off device.
- 5 Rinse and pat your face dry.
- 6 Apply other skincare products, if any.

 For the most accurate readings, make sure the device is completely dry and both sensors are placed flat and firmly on the skin. Remember to always take your readings at the same time each day.

*For best results, take your skin reading once every 2 weeks at the same time of day or when traveling to a new environment.

CLEANING YOUR LUNA fofo

Always clean LUNA fofo thoroughly after use. Wash the brush surface with water and soap, then rinse with warm water. Avoid using clay-based, silicone-based or grainy cleansers, exfoliators or scrubs, as they may damage LUNA fofo's soft silicone touch-points. Pat dry with a lint-free cloth or towel. After use, we recommend spraying the device with FOREO Silicone Cleaning Spray and rinsing with warm water for optimal results.

NOTE: Never use cleaning products containing alcohol, petrol or acetone, as they may irritate the skin and damage the silicone.

CHANGING THE BATTERIES

1. Unscrew the battery cover on the product's base.

2. Carefully remove both batteries inside.

3. Insert 2 new batteries, ensuring the + and – ends are aligned to the markings inside the battery compartment.

4. Screw the battery cover back into place.

IMPORTANT

FOR OPTIMUM SAFETY:

- If you have a skin condition or any medical concerns, please consult a dermatologist before use.
- Cleansing with LUNA fofo should be comfortable – if you experience discomfort, discontinue use immediately and consult a physician.
- Exercise particular care when cleansing the under-eye regions and do not bring the device into contact with the eyelids or eyes themselves.
- For hygienic reasons, we do not recommend sharing your LUNA fofo with anyone else.
- Avoid leaving your LUNA fofo in direct sunlight and never expose it to extreme heat or boiling water.
- Close supervision is necessary when this device is used by, on, or near children, as well as those with reduced physical and mental abilities.
- Discontinue use if this product appears damaged in any way. This product contains no serviceable parts.
- Given the efficiency of the FOREO cleansing & massaging routine, we recommend that you do not use LUNA fofo for more than 3 minutes at a time.
- Use this device only for its intended use as described in this manual. If you do not find the answer to your specific question, or if you have any other questions regarding the device's operation, please visit foreo.com/support.

TROUBLESHOOTING

Precautions to be taken in the event of changes in the performance of LUNA fofo

If LUNA fofo is not activated when pressing the center button:

- No battery power. Replace with two AAA batteries.

If LUNA fofo cannot be switched off and/or interface buttons do not respond:

- Device is not responding. Press power button once to restart the device (holding the button starts Bluetooth search).

If LUNA fofo is not picking up your skin during the skin analysis:

- Make sure the device is completely dry and then restart the device.
- Be sure to firmly press both sensors flat on skin.

If LUNA fofo won't sync to the FOREO app:

- Switch your Bluetooth off and then on again to try reconnecting.
- Close the FOREO app and then reopen it to start the process over.

DISPOSAL INFORMATION

Disposal of old electronic equipment (applicable in the EU and other European countries with separate waste collection systems).

The crossed-out dustbin symbol indicates that this device should not be treated as household waste, but rather be brought to the appropriate collection point for recycling of electrical and electronic equipment. By ensuring this device is disposed of correctly, you will help prevent the potential negative consequences for the environment and human health which could be caused by inappropriate waste handling of the product. The recycling of materials will also help conserve natural resources.

For more information about the recycling of your device, please contact your local household waste disposal service or your place of purchase.

SPECIFICATIONS

MATERIALS:	Body-safe silicone & ABS
